

## SHAOWEN WANG

### BIOGRAPHICAL SKETCH

Shaowen Wang is a Professor and Head of the Department of Geography and Geographic Information Science; Richard and Margaret Romano Professorial Scholar in the College of Liberal Arts and Sciences; and an Affiliate Professor of the Department of Computer Science, Department of Urban and Regional Planning, and School of Information Sciences at the University of Illinois at Urbana-Champaign (UIUC). He has served as Founding Director of CyberGIS Center for Advanced Digital and Spatial Studies at UIUC since 2013. He served as Associate Director of the National Center for Supercomputing Applications (NCSA) for CyberGIS from 2010 to 2017, and Lead of NCSA's Earth and Environment Theme from 2014 to 2017. He received a BS in computer engineering from Tianjin University, an MS in geography from Peking University, and an MS of computer science and a PhD in geography from the University of Iowa. He was a visiting scholar at Lund University sponsored by the National Science Foundation (NSF) in 2006, and NCSA Fellow in 2007. He received the NSF CAREER Award in 2009. He was named a Helen Corley Petit Scholar for 2011-12, and Centennial Scholar for 2013-16 by UIUC's College of Liberal Arts and Sciences.

His research interests include geographic information science and systems (GIS), advanced cyberinfrastructure and cyberGIS, complex environmental and geospatial problems, computational and data sciences, high-performance and distributed computing, and spatial analysis and modeling. He has received research funding from a number of U.S. federal agencies (e.g., CDC, DOE, EPA, NASA, NSF, USDA, and USGS) and industry; and served as Principal Investigator (PI) for more than \$15 million competitive research grants, and co-PI and investigator for contributing to sponsored research supported with tens of millions of U.S. dollars. He pioneered cyberGIS and has led several multi-institution interdisciplinary projects to advance cyberGIS and related scientific problem solving in agriculture, bioenergy, emergency management, geography and spatial sciences, geosciences, and public health. He has published 100+ peer-reviewed papers including articles in 30+ journals.

He has served as an Action Editor of *GeoInformatica*, Associate Editor of *SoftwareX*, and guest editor or editorial board member for multiple other journals, book series and proceedings. He served on the University Consortium for Geographic Information Science (UCGIS) Board of Directors from 2009 to 2012, and President of UCGIS from 2016 to 2017. He was a member of the Board on Earth Sciences and Resources of the U.S. National Academies of Sciences, Engineering, and Medicine from 2015 to 2017. He is serving on the advisory board of the NSF Extreme Science and Engineering Discovery Environment (XSEDE) program.

## CURRICULUM VITAE

### SHAOWEN WANG

#### CONTACT INFORMATION

##### MAILING ADDRESS

Room 2046, Natural History Building  
1301 W. Green Street, MC 150  
University of Illinois at Urbana-Champaign  
Urbana, IL 61801

##### OTHER

Telephone: (217) 333-7608  
Fax: (217) 244-1785  
E-mail: [shaowen@illinois.edu](mailto:shaowen@illinois.edu)  
Web: <http://cigi.illinois.edu/shaowen/>

#### RESEARCH AND TEACHING INTERESTS

- Geographic information science and systems (GIS)
- Advanced cyberinfrastructure and cyberGIS
- Complex environmental and geospatial problems
- Computational and data sciences
- High-performance and distributed computing
- Spatial analysis and modeling

#### EDUCATION

- Ph.D. The University of Iowa, Iowa City, Iowa, USA, 2004  
Geography (Geographic Information Science)
- M.C.S. The University of Iowa, Iowa City, Iowa, USA, 2002  
Computer Science (Systems and Networks)
- M.S. Peking University, Beijing, China, 1998  
Geography (Geographic Information Systems and Remote Sensing)
- B.S. Tianjin University, Tianjin, China, 1995  
Computer Engineering (Transportation Information Systems)

#### AWARDS AND HONORS

- 2018-21 Richard and Margaret Romano Professorial Scholar, College of Liberal Arts and Sciences, UIUC
- 2016 Disparate Data Challenge Award (Stage One: \$10,000; Stage Two: University Participant Award) of the National Geospatial-Intelligence Agency (NGA), with Nathan Casler, Yizhao Gao, Hao Hu, Yan Y. Liu, Johnathan Rush, Kiumars Soltani, Jeffrey Terstriep, and Dandong Yin

- 2016 Best Paper Award (Software and Software Environments), with Hao Hu (Lead Author and Graduate Advisee), Xingchen Hong, Jeff Terstriep, Yan Y. Liu, Michael P. Finn, Johnathan Rush, and Jeffrey Wendel, *the 5<sup>th</sup> Annual Conference on Extreme Science and Engineering Discovery Environment (XSEDE'16)*
- 2013-16 Centennial Scholar, College of Liberal Arts and Sciences, UIUC
- 2012 Teacher Ranked as Excellent, Center for Teaching Excellence, UIUC
- 2011-12 Helen Corley Petit Scholar, College of Liberal Arts and Sciences, UIUC
- 2011 Best Research Poster Award, with Yanli Zhao (Lead Author and Graduate Advisee), Anand Padmanabhan, and Yan Liu, *the 5<sup>th</sup> National Science Foundation (NSF) TeraGrid Annual Conference*
- 2010 Teacher Ranked as Excellent, Center for Teaching Excellence, UIUC
- 2009 Teacher Ranked as Excellent, Center for Teaching Excellence, UIUC
- 2009 NSF CAREER Award
- 2009 Delegate Invited by the U.S. National Academy of Sciences, China-U.S. Roundtable on Scientific Data Cooperation
- 2007 National Center for Supercomputing Applications (NCSA) Fellowship, NSF
- 2007 Innovations in Instructional Computing Award, the University of Iowa, Iowa City, Iowa, USA
- 2006 Visiting (to Lund University) Scholarship, the NSF Office of International Science and Engineering
- 2006 Improving Our Workplace Award (IOWA), the University of Iowa, Iowa City, Iowa, USA
- 2002 Travel Scholarship, Global Grid Forum
- 2002 Esri Scholarship

## PROFESSIONAL APPOINTMENTS

- 2017-present **Department Head**  
Department of Geography and Geographic Information Science, UIUC
- 2014-present **Research Faculty Affiliate**  
Center of Excellence for Geospatial Information Science, U.S. Geological Survey (USGS)
- 2013-present **Full Professor (with tenure)**  
Department of Geography and Geographic Information Science, UIUC
- 2013-present **Founding Director**  
CyberGIS Center for Advanced Digital and Spatial Studies, UIUC  
(<http://cybergis.illinois.edu/>)

- 2013-present **Faculty Affiliate**  
School of Information Sciences (Previously Graduate School of Library and Information Science), UIUC
- 2012-present **Faculty Affiliate**  
Department of Urban and Regional Planning, UIUC
- 2011-present **Faculty Affiliate**  
Department of Computer Science, UIUC
- 2008-present **Faculty Affiliate**  
Computational Science and Engineering Graduate Program  
(<http://www.cse.illinois.edu/>), UIUC
- 2008-present **Faculty Affiliate and Coordinator of Spatial Informatics Ph.D. Track**  
Illinois Informatics Institute (<https://www.informatics.illinois.edu/>), UIUC
- 2007-present **Faculty Affiliate**  
NCSA, UIUC
- 2007-present **Founding Director**  
CyberInfrastructure and Geospatial Information Laboratory (CIGI), UIUC  
(<http://cigi.illinois.edu/>)
- 2014-17 **Lead**  
Earth and Environment Theme, NCSA, UIUC
- 2010-17 **Associate Director for CyberGIS**  
NCSA
- 2015-16 **Guest Professor**  
State Key Laboratory of Information Engineering in Surveying, Mapping and Remote Sensing, Wuhan University, Wuhan, Hubei Province, China
- 2007-10 **Senior Research Scientist**  
Research, Development, Consultation, and Management: Geospatial Cyberinfrastructure, NCSA, UIUC
- 2010-13 **Associate Professor (with tenure)**  
Department of Geography and Geographic Information Science, UIUC
- 2008-11 **Honorary Guest Professor**  
Computer Network Information Center, the Chinese Academy of Sciences, Beijing, China
- 2007-10 **Assistant Professor (tenure-track)**  
Department of Geography, UIUC
- 2006-08 **Troubleshooting Coordinator**  
The Open Science Grid (<http://www.opensciencegrid.org/>)
- 2006-11 **Founding Director**  
The NSF TeraGrid Geographic Information Science (GIScience) Gateway
- 2005-07 **Research Scientist** (the Highest Rank of Research Staff at the University of Iowa)

- Research, Development, Consultation, and Management: Computational Grids and Cyberinfrastructure, Academic Technologies – Research Services of Information Technology Services, the University of Iowa, Iowa City, Iowa, USA
- 2004-07 **Adjunct Assistant Professor**  
Department of Geography, the University of Iowa, Iowa City, Iowa, USA
- 2003-07 **Founding Manager**  
Grid Research and education group @ ioWa (GROW), Academic Technologies – Research Services of Information Technology Services, the University of Iowa, Iowa City, Iowa, USA
- 2002-05 **Assistant Research Scientist**  
Research, Development, Consultation, and Management: Computational Grids and their Applications in Scientific, Engineering, and Medical Research and Education, Academic Technologies – Research Services of Information Technology Services, the University of Iowa, Iowa City, Iowa, USA
- 2002 **Research Assistant**  
Participated in the USDA (U.S. Department of Agriculture) Funded Research Project: Uncertainty Visualization in Water Quality Protection, Department of Geography, the University of Iowa, Iowa City, Iowa, USA
- 2001-02 **Research Assistant**  
Research and Development: Computer-Aided Design and Scientific Visualization, Academic Technologies – Research Services of Information Technology Services, the University of Iowa, Iowa City, Iowa, USA
- 1999-2001 **Research Assistant**  
Research and Development: High Performance Computing and Scientific Visualization, Advanced Research Computing Services (ARCS), the University of Iowa, Iowa City, Iowa, USA
- 1998-99 **Research Assistant**  
Research and Development: GIS-Based Climatological Modeling, Department of Geography, the University of Iowa, Iowa City, Iowa, USA
- 1995-98 **Research Assistant**  
Research and Development: Object-Oriented GIS, Institute of Environmental Engineering, Peking University, Beijing, China
- 1994-95 **Software Engineer**  
Research and Development: Object-Oriented Distributed Databases, Tianjin Sweden Computer Inc. Ltd., Tianjin, China
- 1992-94 **Research Assistant**  
Research and Development: Object-Oriented Methodology and Computer-Aided Design, Department of Computer Engineering, Tianjin University, Tianjin, China

## EXTRAMURAL RESEARCH FUNDING

**SUMMARY** (funding received from the U.S. NSF, Centers for Disease Control and Prevention (CDC), Department of Energy (DOE), Environmental Protection Agency (EPA), National Aeronautics and Space Administration (NASA), USDA, USGS, and industry): Principal Investigator (PI) for more than \$15 million competitive research grants; co-PI, investigator, and senior personnel for contributing to sponsored research with tens of millions of U.S. dollars; and PI for tens of millions of normalized computing hours of NSF supercomputing resources.

### SELECTED GRANTS AWARDED BY U.S. FEDERAL AGENCIES

- 2017-21 **PI, NSF: Collaborative Research: SI2-SSI: Cyberinfrastructure for Advancing Hydrologic Knowledge through Collaborative Integration of Data Science, Modeling and Analysis (\$699,999)**
- 2017-18 **PI, NSF: SI2-S2I2 Conceptualization: Geospatial Software Institute (\$500,000)**
- 2016-20 **Senior Personnel, NSF: INFEWS/T4: The INFEWS-ER: A Virtual Resource Center Enabling Graduate Innovations at the Nexus of Food, Energy, and Water Systems (\$1 million), with PI: Luis Rodriguez**
- 2016-19 **Co-PI, NSF: Collaborative Research: Developing and Deploying SKOPE: Synthesizing Knowledge of Past Environments (\$884,627), with PI: Bertram Ludäscher**
- 2016-18 **Co-PI, NSF: Conference: Agent-Based Modeling 2017: Agent-Based Models in the Social, Human-Environment, and Life Sciences (\$94,996), with PI: Li An and Co-PIs: Piotr Jankowski, Steven Manson, and Billie Turner II**
- 2016-19 **Co-PI, USDA: Using Precision Technology in On-farm Field Trials to Enable Data-Intensive Farm Management (\$4 million), with PI: David Bullock**
- 2016-18 **Co-I, NASA: ACCESS to Terra Data Fusion Products (\$1 million), with PI: Larry Di Girolamo**
- 2016 **Co-PI, NSF: 2016 Software Infrastructure for Sustained Innovation (SI2) Principal Investigators Workshop (\$104,947), with PI: Francis Timmes and Co-PIs: Stanley Ahalt and Matthew Turk**
- 2015-17 **PI, NSF: CyberGIS Curriculum Workshop for Synthesizing Education Materials (\$49,987)**
- 2015-16 **PI, NSF: Interoperating CyberGIS and HydroShare for Integrated Food, Energy and Water Research (\$374,821), with Co-PI: David Tarboton**
- 2014-17 **PI, NSF MRI: Acquisition of a National CyberGIS Facility for Computing and Data-Intensive Geospatial Research and Education (\$2,553,335), with**

- Co-PIs: Praveen Kumar, Carole Palmer, Robert Pennington, and E. Lynn Usery
- 2014-18 **PI**, NSF CIF21: DIBBs: Scalable Capabilities for Spatial Data Synthesis (\$1,499,998), with Co-PIs: Katarzyna Keahey and Anand Padmanabhan
- 2014-19 **PI**, USGS: CyberGIS Capabilities for the National Map (\$632,148)
- 2013-16 **PI**, EAGER: CISSDA: A Unified Cyberinfrastructure Framework for Scalable Spatiotemporal Data Analytics (\$300,000), with Co-PIs: Roy Campbell, Jiawei Han, Sara McLafferty, and Mei-Po Kwan
- 2012-14 **PI**, EPA: Next-Generation Resource Management Mapping Services (\$349,923)
- 2012-13 **PI**, NSF EAGER: Collaborative Research: EarthCube Interoperability Testbed – Assessing a Layered Architecture for Integration of Existing Capabilities (\$18,000)
- 2012-17 **PI** of the University of Illinois, The Open Science Grid: Distributed High Throughput Computing for the Nation’s Scientists, Researchers, Educators, and Students (\$855,000), a major U.S. national cyberinfrastructure project jointly funded by DOE and NSF
- 2010-16 **PI**, NSF SI2-SSI: CyberGIS Software Integration for Sustained Geospatial Innovation (\$4.43 million), with Co-PIs: Luc Anselin, Budhendra Bhaduri, Timothy Nyerges, and Nancy Wilkins-Diehr
- 2010-14 **Investigator**, NSF SDCI: Open Gateway Computing Environments – Tools for Cyberinfrastructure-Enabled Science and Education (\$225,000), a sub-award through Indiana University, PI: Marlon Pierce
- 2009-14 **PI**, NSF CAREER: Formalizing and Resolving Computational Intensity of Spatial Analysis to Establish a Cyber-GIS Framework (\$470,000)
- 2008-09 **Investigator and Technical Director**, CDC: Global Malaria Map Application (\$50,000)
- 2007-11 **Investigator**, Development and Operation of the TeraGrid GIScience Gateway (\$700,000), the NSF TeraGrid Science Gateway Program
- 2007-08 **Co-PI**, NSF CSR-AES: Troubleshooting Large Scale Computing Grids with Machine Learning Techniques (\$29,999), with Nitesh Chawla (PI), and other Co-PIs: Xiaohui Song and Douglas Thain
- 2006-12 **PI** of the University of Iowa, UIUC, and National Center for Supercomputing Applications, Sustaining and Extending the Open Science Grid – Improving the Reliability of Distributed Systems (\$1.3 million)
- 2006-07 **Co-PI and Technical Director**, Building and Sustaining Information Provider Solutions for Production Grids (\$105,000), DOE and NSF Joint Data Grid Program, with Yasar Onel (PI)
- 2005-06 **PI**, The Open Science Grid Generic Information Provider (\$100,000), a sub-award through the University of Florida NSF-ITR (Information Technology

Research) Project: international Virtual Data Grid Laboratory for Data-Intensive Science (iVDGL), PI: Paul Avery

2005 **Co-PI and Technical Director**, Interoperability of the Open Science Grid and Large Hadron Collider Computing Grid (\$115,000), DOE and NSF Joint Data Grid Program, with Yasar Onel (PI)

#### **SELECTED SUPERCOMPUTING TIME AWARDS BY NSF**

2013-14 **PI**, Sustaining the CyberGIS Discovery Environment (9.35 million SUs (Service Units) – one service unit equivalent to one normalized computing hour), with Co-PIs: Yan Liu, Anand Padmanabhan, and Wenwu Tang

2013-14 **PI**, An Extreme-Scale Computational Approach to Redistricting Optimization (NSF Blue Waters Allocation Award – 600K node hours – approximately **9.6 million** normalized computing hours), with Co-PIs: Wendy K. Tam Cho, and Yan Liu

2012-13 **PI**, Extending the CyberGIS Discovery Environment (5.58 million SUs), with Co-PIs: Yan Liu, Anand Padmanabhan, and Wenwu Tang

2011-12 **PI**, Establishing the CyberGIS Gateway (3.1 million SUs), with Co-PIs: Yan Liu, Anand Padmanabhan, and Wenwu Tang

2010-11 **PI**, Expanding the TeraGrid GIScience Gateway (1.2 million SUs), with Co-PIs: Yan Liu, Anand Padmanabhan, and Wenwu Tang

2009-10 **PI**, Extending the TeraGrid GIScience Gateway (625,500 SUs), with Co-PIs: Yan Liu and Wenwu Tang

2008-09 **PI**, Sustaining the TeraGrid GIScience Gateway (310,500 SUs), with Wenwu Tang (Co-PI)

2007-08 **PI**, Extending and Sustaining GISolve as a GIScience Gateway Toolkit for Geographic Information Analysis (108,500 SUs), with Co-PIs: Marc P. Armstrong, Mary Kathryn Cowles, Brian J. Smith, and Jun Yan

2007-08 **Co-PI**, Parallelizing MCMC for Bayesian Spatiotemporal Geostatistical Models (30,000 SUs), with Marc P. Armstrong (Co-PI), Mary Kathryn Cowles (Co-PI), and Jun Yan (PI)

2006-07 **PI**, Developing GISolve as a GIScience Gateway Toolkit for Geographic Information Analysis (30,000 SUs), with Co-PIs: Marc P. Armstrong, Mary Kathryn Cowles, and Jun Yan

2005-06 **PI**, Prototyping an Interoperable Solution to Using the TeraGrid as a Resource on the Open Science Grid and Using the Open Science Grid as a Resource from the TeraGrid (30,000 SUs), with Co-PIs: Chris Baumbauer, Julian J. Bunn, Greg Cross, Vladimir Litvin, Fred C. Luehring, and Mike Shuey

2004-05 **Co-PI**, Spatial Statistics Middleware for Markov-chain-Monte-Carlo Bayesian Geostatistical Models (10,000 SUs), with Marc P. Armstrong (Co-PI), Mary Kathryn Cowles (PI), and Jun Yan (Co-PI)

## SELECTED UNIVERSITY RESEARCH AND EDUCATION GRANTS

- 2016-19 **PI**, Creating Critical Mass of Big Data Sciences (\$60,000), Office of the Provost and Vice Chancellor for Academic Affairs, UIUC
- 2015-18 **Co-PI**, Engineering the Microbial and Stormwater Environment for Mosquito Control (\$350,000), Institute for Sustainability, Energy, and Environment (iSEE), UIUC, with PI: Brian F. Allan
- 2015-18 **Senior Personnel**, Interdependent Critical Infrastructure Systems for Synergized Utilization of Multiple Energy Sources toward Sustainable Vehicular Transportation (\$350,000), Institute for Sustainability, Energy, and Environment (iSEE), UIUC, with PI: Thomas Overbye
- 2013-17 **PI**, Establishing the CyberGIS Center for Advanced Digital and Spatial Studies (\$2.166 million), UIUC
- 2014-16 **Co-PI**, Detection of the Illicit Movement of Nuclear Materials with Big Data (\$150,000), UIUC, with Roy Campbell (Co-PI) and Clair Sullivan (PI)
- 2011 **PI**, Critical Spatial Thinking and the Future of Geographic Information Technologies – MillerComm Lecture by Michael F. Goodchild (\$3,200), the Center for Advanced Study at UIUC
- 2008 **PI** (Guest Lecturers: Dr. Jiawei Han and Dr. James Myers), Developing a New Informatics Course – Principles of GIS (\$11,046), the Illinois Informatics Institute at UIUC
- 2007 **Co-PI**, Developing a Curriculum for Statistical Analysis of Spatiotemporal Data Using Cyberinfrastructure (\$26,000), the University of Iowa Innovations in Instructional Computing Awards, with Marc P. Armstrong (Co-PI), and Mary Kathryn Cowles (PI), Brian J. Smith (Co-PI), and Jun Yan (Co-PI)
- 2005 **PI**, Prototyping, Testing, and Operating an Intra-campus Research Grid – HawkGrid: An Application-Driven Approach (\$45,608), the Mathematical & Physical Sciences Funding Program of the University of Iowa Internal Funding Initiative, with Terry A. Braun (Co-PI), Gregory R Carmichael (Co-PI), Boyd M. Knosp (Co-PI), Jun Ni (Co-PI), and Yasar Onel (Co-PI)
- 2003 **Co-PI**, Grid-based Spatial Statistics Middleware: Theory, Design, Implementation, and Evaluation (\$25,200), the Iowa Informatics Initiative (III) of the University of Iowa, with Marc P. Armstrong (PI), and Mary Kathryn Cowles (Co-PI)

## CREATIVE WORKS

### PATENT

- [1] **Wang, S.**, Liu, Y., Padmanabhan, A. High-Performance, Distributed, and Collaborative CyberGIS Platform, disclosure filed

## **SOFTWARE**

- [2] GISolve Toolkit. Invented this first cyberGIS software and have been leading the research and development of the software. For more than ten years, GISolve has been deployed within multiple national and international cyberinfrastructure environments and used by numerous users from a broad range of fields (e.g., agriculture, biology, computer science, geography, hydrology, linguistics, public health, and statistics).
- [3] SimpleGrid Toolkit. Co-invented this software for learning and prototyping science and engineering gateways to advanced cyberinfrastructure, co-led the research and development of the software, and taught tutorials for hundreds of users at a variety of prominent conferences and workshops.
- [4] The Open Science Grid Generic Information Provider. Led the research and development of this distributed information system software for cyberinfrastructure resource management through several projects funded by DOE and NSF. For more than ten years, the software has been widely deployed and used for distributed scientific computing in the U.S. and multiple other countries, enabling scientists of many fields (e.g., biology, computer science, geospatial sciences, and physics) to tackle data-intensive and computational challenges.

## **SUPERCOMPUTER**

- [5] ROGER (Resourcing Open Geospatial Education and Research). Led a multidisciplinary and multi-institution team to create and operate this first-ever cyberGIS supercomputer supported by a NSF Major Research Instrumentation grant. ROGER is also the first general-purpose supercomputer that seamlessly integrates high-performance computing with Graphic Processing Units (GPUs), data-intensive computing (based on Hadoop and Spark), and cloud computing (based on OpenStack), supporting researchers and educators to flexibly take advantage of one or multiple of these computing modalities all connected by a fast network and common storage backbone. ROGER has enabled broad and significant scientific advances in multidisciplinary, bio, engineering, geo, and social sciences.

## **VISUALIZATION**

- [6] The Great Flood. Led the CIGI Laboratory to contribute geospatial data retrieval and analysis in a collaboration with NCSA's Advanced Visualization Laboratory to the creation of data-driven visualization of the Mississippi River Valley showing the extent of destructive 1927 floodwaters for the 75-minute multimedia work: "The Great Flood". The work features Grammy Award-winning guitarist and composer Bill Frisell performing original music with accompanying film and staging by Obie-winning experimental filmmaker Bill Morrison. It premiered in September 2011 at the University of Illinois Krannert Center for the Performing Arts.

## TEACHING EXPERIENCE

- 2016 (Fall) Principles of Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography and Geographic Information Science and Illinois Informatics Institute, UIUC
- 2015 (Spring) Advanced Digital and Spatial Studies (Role: Full Course Responsibility)  
Department of Geography and Geographic Information Science, UIUC
- 2013 (Fall) Principles of Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography and Geographic Information Science and Illinois Informatics Institute, UIUC
- 2013 (June) eSilk Road GIScience Summer School (Role: Invited Lecturer)  
Chinese Academy of Sciences, Suzhou, Jiangsu, China
- 2012 (Fall) Geographic Information Science – Advanced Topics (Role: Full Course Responsibility)  
Department of Geography and Geographic Information Science, UIUC
- 2011-12 Online Course: Introduction to Geographic Information Systems (Role: Responsible for Content Development)  
Department of Geography and Geographic Information Science, UIUC
- 2011 (Fall) Introduction to Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography and School of Earth, Society, and Environment, UIUC
- 2011 (Spring) Principles of Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography and Illinois Informatics Institute, UIUC

- Introduction to Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography and School of Earth, Society, and Environment, UIUC
- 2010 (Spring) Principles of Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography and Illinois Informatics Institute, UIUC
- Introduction to Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography and School of Earth, Society, and Environment, UIUC
- 2009 (Fall) Geographic Information Science – Advanced Topics (Role: Full Course Responsibility)  
Department of Geography, UIUC
- 2009 (Spring) Principles of Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography and Illinois Informatics Institute, UIUC
- Introduction to Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography and School of Earth, Society, and Environment, UIUC
- 2008 (Spring) Introduction to Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography and School of Earth, Society, and Environment, UIUC
- 2007 (Fall) Advanced Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography, UIUC
- 2007 (Spring) Principles of Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography, the University of Iowa, Iowa City, Iowa, USA
- 2006 (Spring) Foundations of Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography, the University of Iowa, Iowa City, Iowa, USA
- 2005 (Spring) Principles of Geographic Information Systems (Role: Full Course Responsibility)  
Department of Geography, the University of Iowa, Iowa City, Iowa, USA
- 2002 (Fall) World Cities (Role: Invited Lecturer)  
Department of Geography, the University of Iowa, Iowa City, Iowa, USA
- Object-Oriented Programming Languages – C++ (Role: Invited Lecturer)

Department of Computer Science, The University of Iowa, Iowa City, Iowa, USA

Short Course: Grid Computing – Theories and Practices (Role: Full Course Responsibility)

Information Technology Services, the University of Iowa, Iowa City, Iowa, USA

2000 (Fall) World Cities (Role: Invited Lecturer)

Department of Geography, The University of Iowa, Iowa City, Iowa, USA

2000 (Spring) Short Course: Computational Grids and Their Applications (Role: Full Course Responsibility)

Information Technology Services, the University of Iowa, Iowa City, Iowa, USA

Short Course: Programming Languages and Advanced Topics of C Language (Role: Full Course Responsibility)

Information Technology Services, the University of Iowa, Iowa City, Iowa, USA

- [16] “CyberGIS and Geospatial Data Science for Transforming Digital Discovery and Innovation”. Keynote Address at the 3<sup>rd</sup> International Conference on CyberGIS and Geospatial Data Science (CyberGIS’16), Urbana, Illinois, USA, July 27, 2016
- [17] “CyberGIS and Geospatial Data Science for Enabling Data-Intensive Farm Management”. The Climate Cooperation, St. Louis, Missouri, USA, July 14, 2016
- [18] “Open CyberGIS Capabilities for Geospatial Discovery and Innovation in the Era of Big Compute and Data”. USGS Center of Excellence for Geospatial Information Science (CEGIS) Annual All-Hands Meeting, Rolla, Missouri, USA, June 29, 2016
- [19] “Big Data, CyberGIS, and Geospatial Data Science”. Keynote Address at the 19th AGILE International Conference on Geographic Information Science, Helsinki, Finland, June 16, 2016
- [20] “Open CyberGIS for Integrated Food, Energy, and Water Research”. NSF Workshop on Innovative Cyberinfrastructure for Integrated Food, Energy, and Water Research, Scottsdale, Arizona, USA, May 22, 2016
- [21] “Open CyberGIS in the Era of Big Compute and Data – ROGER Update”. NSF ROGER User Meeting, Urbana, Illinois, USA, May 12, 2016

- [22] “CyberGIS for Empowering the National Water Model”. Conversation about the National Water Model, Water Science and Technology Board and Board on Earth Sciences and Resources, the National Academies of Sciences, Engineering, and Medicine, Washington, DC, USA, March 23, 2016
- [23] “CyberGIS and Geospatial Data Science”. Department of Computer Science Yahoo-DAIS Seminar, UIUC, Urbana, Illinois, USA, March 15, 2016
- [24] “CyberGIS for Fostering Digital Geospatial Ecosystems”. NSF HydroShare All Hands Meeting, Chapel Hill, North Carolina, USA, March 7, 2016
- [25] “CyberGIS and Big Data Science for Geospatial Discovery and Innovation”. Department of Civil and Environmental Engineering Distinguished Seminar Series, Northeastern University, Boston, Massachusetts, USA, March 1, 2016
- [26] “Open CyberGIS Software for Geospatial Research and Education in the Big Data Era”. Keynote Address at the 2016 NSF Software Infrastructure for Sustained Innovation (SI2) Principal Investigator Workshop, Washington, DC, USA, February 17, 2016
- [27] “Big Data, CyberGIS, and Geospatial Discovery”. TTU Center for Geospatial Technology and the Department of Geosciences, Texas Tech University, Lubbock, Texas, USA, February 2, 2016
- [28] “CyberGIS and Geospatial Big Data”. School of Software Technology, Dalian University of Technology, Dalian, Liaoning, China, January 13, 2016
- [29] “CyberGIS for Geospatial Problem Solving and Decision Making in the Era of Big Data”. Nanjing University of Information Science and Technology, Nanjing, Jiangsu, China, November 3, 2015
- [30] “State of CyberGIS”. The 2015 NSF CyberGIS Project All Hands Meeting, Reston, Virginia, USA, September 15, 2015
- [31] “Synergistically Advancing CyberGIS and HydroInformatics in the Era of Big Compute and Data”. Keynote Address at the 3rd CUAHSI Conference on Hydroinformatics, Tuscaloosa, Alabama, USA, July 15, 2015
- [32] “From CyberGIS to Geospatial Data Science”. Keynote Address at the 23<sup>rd</sup> International Conference on GeoInformatics, Wuhan, Hubei, China, June 19, 2015
- [33] “CyberGIS-Health”. Keynote Address at the International Geospatial Health Workshop on "Strengthening the International Geo-eco Global Health Research Collaborations: Challenges and Opportunities", Wuhan, Hubei, China, June 17, 2015
- [34] “CyberGIS Capabilities for the National Map”. USGS Center of Excellence for Geospatial Information Science (CEGIS) Annual All-Hands Meeting, Rolla, Missouri, June 10, 2015

- [35] “Geospatial Discovery and Innovation in the Era of Big Data and Compute”. NRC’s Board on Earth Sciences and Resources (BESR) Spring Meeting, Washington, DC, USA, April 29, 2015
- [36] “CyberGIS for Data-Rich Geographic Research and Education”. Department of Geography Colloquium, San Diego State University, San Diego, California, USA, March 27, 2015
- [37] “CyberGIS Transformation of Geospatial Discovery and Innovation in the Era of Big Compute and Data”. Lyles School of Civil Engineering Colloquium, Purdue University, West Lafayette, Indiana, USA, March 4, 2015
- [38] “CyberGIS for Empowering Geospatial Discovery and Innovation in the Era of Big Compute and Data”. Shi Jian Lecture, Institute of Geographic Sciences and Natural Resources Research, Chinese Academy of Sciences, Beijing, China, February 9, 2015
- [39] “CyberGIS-Enabled Geospatial Revolution in the Big Data Era”. Keynote Lecture of the Geospatial Sciences, Applications and Technology Center (GeoSAT), Texas A&M University, College Station, Texas, USA, February 3, 2015
- [40] “CyberGIS for Empowering Geospatial Discovery and Innovation in the Big Data Era”. Prairie Research Institute Seminar, UIUC, Champaign, Illinois, USA, January 30, 2015
- [41] “CyberGIS Workflow for Collaborative, Interactive, and Scalable Knowledge Discovery”. NSF XSEDE Workflow Community Webinar Series, January 30, 2015
- [42] “CyberGIS for Data-Rich Geospatial Discovery and Innovation”. Xiangshan Science Conference on Scientific Big Data, Beijing, China, October 23, 2014
- [43] “Next-Generation Geospatial Discovery and Innovation”. Center for Earth System Science, Tsinghua University, Beijing, China, September 25, 2014
- [44] “State of CyberGIS”. The 2<sup>nd</sup> International Conference on CyberGIS and Geodesign (CyberGIS’14), Redlands, California, USA, August 19, 2014
- [45] “Why CyberGIS on XSEDE? as part of the Tutorial on Why XSEDE?” The 2014 Annual Conference of NSF XSEDE, Atlanta, GA, USA, July 13, 2014
- [46] “CyberGIS and High-Performance Computing: Getting Married”. Keynote Address at the 9<sup>th</sup> International Workshop of Geographical Information Science, Beijing, China, June 22, 2014
- [47] “CyberGIS for Data-Intensive Health Research”. Keynote Address at the First International Workshop on Fostering International Geospatial Health Research Collaborations: Challenges and Opportunities, Hong Kong, China, June 17, 2014

- [48] “CyberGIS @ Scale”. *The 11<sup>th</sup> Workshop of the INRIA-Illinois-ANL Joint Laboratory on Petascale Computing, Sophia Antipolis, France, June 10, 2014*
- [49] “Research Frontiers of GIScience – CyberGIS”. *Summer Symposium of the University Consortium for Geographic Information Science, Pasadena, California, USA, May 19, 2014*
- [50] “Geospatial Analytics @ Scale”. *Workshop on High Performance Computing and Geospatial Analytics, Argonne National Laboratory, Illinois, USA, April 28-29, 2014*
- [51] “Synergistically Advancing CyberGIS and Data-Intensive Sciences”. *Department of Agricultural and Biological Engineering Seminar, UIUC, Champaign, Illinois, USA, February 28, 2014*
- [52] “CyberGIS Gateway for Data-Rich Geospatial Research and Education”. *Supercomputing 2013 – San Diego Supercomputer Center Booth, Denver, Colorado, USA, November 20, 2013*
- [53] “Advances in the Mapping Sciences: Towards a Spatially Enabled Society (joint talk with Dr. Michael Goodchild)”. *National Academy of Sciences Board on Earth Sciences and Resources 25<sup>th</sup> Anniversary Meeting: Examining Current and Future Earth Science Issues for the Nation, Washington DC, USA, November 18, 2013*
- [54] “CyberGIS for Fostering Geospatial Discovery and Innovation”. Keynote Address at *iGIScience Symposium, Urbana, IL, October 4, 2013*
- [55] “CyberGIS Center for Advanced Digital and Spatial Studies”. *The 2<sup>nd</sup> NSF Workshop on Sustainable Funding and Business Models for Academic Cyberinfrastructure Facilities, Washington DC, USA, October 2, 2013*
- [56] “State of CyberGIS”. *The 2013 NSF CyberGIS Project All Hands Meeting, Seattle, Washington, USA, September 16, 2013*
- [57] “Data-Intensive Geospatial Analytics”. *The 2<sup>nd</sup> Chinese-American-German E-Science and Cyberinfrastructure Workshop (CHANGES), Chicago, Illinois, USA, September 11, 2013*
- [58] “A CyberGIS Environment for Near-Real-Time Spatial Analysis of Social Media Data”. *NSF-CDI Specialist Meeting: Knowledge Discovery in Cyberspace and Big Data, San Diego, California, August 7, 2013*
- [59] “CyberGIS for Enabling Data-Intensive Geospatial Research and Education”. Keynote Address at *the 2013 CUAHSI Conference on Hydroinformatics and Modeling, Logan, Utah, USA, July 18, 2013*
- [60] “CyberGIS for Data-Intensive Research and Education”. Keynote Address at *the Second Open Forum on Research Opportunities and Challenges of Geographic Information Science, Shanghai, China, June 24, 2013*

- [61] “CyberGIS for Fostering Geospatial Discovery and Innovation”. *Environmental Science Seminar Series, Argonne National Laboratory*, Argonne, Illinois, USA, June 12, 2013
- [62] “Scalable Geocomputation Science”. Keynote Address at *the 12<sup>th</sup> International Conference on GeoComputation*, Wuhan, Hubei, China, May 24, 2013
- [63] “A CyberGIS Research Agenda”. *Clyde Kohn Colloquium, Department of Geography, the University of Iowa*, Iowa City, Iowa, USA, April 26, 2013
- [64] “CyberGIS and the Future of Geographic Information Technologies”. *Graduate School of Library and Information Science, UIUC*, Urbana, Illinois, USA, April 19, 2013
- [65] “Exploring the Frontiers of CyberGIS”. *Jack and Laura Dangermond Endowed Chair Colloquium, Department of Geography, University of California, Santa Barbara*, Santa Barbara, California, USA, February 26, 2013
- [66] “Synergistically Advancing CyberGIS and Data-Intensive Computational Geography”. *Department of Geography and Institute for CyberScience, the Pennsylvania State University*, University Park, Pennsylvania, USA, February 18, 2013
- [67] “From Computational Geography to CyberGIS: The Geospatial Dimensions of Extreme Digital Transformation”. *Department of Geography, The Ohio State University*, Columbus, Ohio, USA, February 1, 2013
- [68] “Defining the Field of CyberGIS”. *Department of Geography, The University of Kansas*, Lawrence, Kansas, USA, November 30, 2012
- [69] “An Integration Vision and Roadmap for CyberGIS”. *Department of Geography, The University of Utah*, Salt Lake City, Utah, USA, November 15, 2012
- [70] “Toward Synergistic Advancement of Cyberinfrastructure and GIScience”. *Center for Research Computing, The University of Notre Dame*, Notre Dame, Indiana, USA, October 24, 2012
- [71] “A CyberGIS Roadmap for Tackling Big Data Challenges”. *Illinois Informatics Institute, UIUC*, Urbana, Illinois, USA, September 27, 2012
- [72] “State of CyberGIS”. *The 1<sup>st</sup> International Conference on Space, Time, and CyberGIS (CyberGIS’12)*, Urbana, Illinois, USA, August 8, 2012
- [73] “CyberGIS Vision for Empowering Computational and Spatial Thinking in the Age of Big Data”. *Department of Urban and Regional Planning, UIUC*, Champaign, Illinois, USA, April 5, 2012
- [74] “A CyberGIS Framework for Fostering a New Wave of Geospatial Discovery and Innovation”. *Illinois State Geological Survey*, Champaign, Illinois, USA, April 2, 2012

- [75] “State of CyberGIS”. *Oak Ridge National Laboratory*, Oak Ridge, Tennessee, USA, September 29, 2011
- [76] “CyberGIS for Empowering Geospatial Sciences”. *Purdue University*, West Lafayette, Indiana, USA, September 27, 2011
- [77] “CyberGIS for Advancing On-demand Geospatial Visual Analytics”. Keynote Address at *the 2<sup>nd</sup> American-Chinese CyberInfrastructure and E-Science workShop (ACCESS)*, Xi’an, Shaanxi, China, August 15, 2011
- [78] “NSF SI2: CyberGIS Software Integration for Sustained Geospatial Innovation”. *Summer Assembly of the University Consortium for Geographic Information Science*, Boulder, Colorado, USA, June 22, 2011
- [79] “CyberGIS in Action”. *George Mason University*, Washington, DC, USA, March 23, 2011
- [80] “A CyberGIS Approach to Transforming Access and Analysis of Geospatial Information”. *The Workshop on Sustainable Human Settlements with Instant and Ubiquitous Access Technologies*, Urbana, Illinois, USA, March 11, 2011
- [81] “A CyberGIS Framework for Synergistic Advancement of Cyberinfrastructure, GIS, and Geospatial Sciences”. *Hydro-Systems Colloquium Series, Department of Civil and Environmental Engineering, UIUC*, Urbana, Illinois, USA, January 21, 2011
- [82] “GIS Future – A Cyberinfrastructure Perspective”. *Wuhan University*, Wuhan, Hubei, China, December 23, 2010
- [83] “CyberGIS for Geospatial Discovery and Innovation”. *Advisory Board Meeting of the National University Community Research Institute (NUCRI)*, San Diego, California, USA, November 8, 2010
- [84] “CyberGIS and Public Health”. *Chinese Center for Disease Control and Prevention (CDC)*, Beijing, China, October 21, 2010
- [85] “TeraGrid Broader Impacts – A Perspective from Science Gateways”. *NSF Broader Impacts for Research and Discovery Summit*, Washington, DC, USA, June 21-23, 2010
- [86] “GISolve 2.0: Geospatial Problem-Solving Environment 2.0 Based on Synthesizing Cyberinfrastructure and Web 2.0”. *UK e-Science Institute*, Edinburgh, UK, May 11, 2010
- [87] “GIS and Spatial Studies in Cyberinfrastructure Age”. *The Institute for Computing in Humanities, Arts, and Social Science (I-CHASS)*, Urbana, Illinois, USA, November 11, 2009
- [88] “Advancing GIS and Geospatial Sciences through Cyberinfrastructure”. *The 17<sup>th</sup> ACM SIGSPATIAL International Conference on Advances in Geographic Information Systems (ACM GIS 2009)*, Seattle, Washington, USA, November 5, 2009

- [89] “Bridging Data Divides to Enable Global Geospatial Sciences – A Cyberinfrastructure Approach”. *The National Academy of Sciences 3<sup>rd</sup> China-U.S. Roundtable on Scientific Data Cooperation*, Qingdao, Shandong, China, March 23, 2009
- [90] “GIS: From Desktop and Internet to Cyberinfrastructure”. *The High-Performance Computing in the Humanities, Arts, and Social Science Workshop*, Urbana, Illinois, USA, July 31, 2008
- [91] “GIS, Cartography, and Geovisualization”. *The High-Performance Computing in the Humanities, Arts, and Social Science Workshop*, Urbana, Illinois, USA, July 31, 2008
- [92] “Next Generation of Geographic Information Systems – A Cyberinfrastructure Perspective”. *Peking University*, Beijing, China, January 7, 2009
- [93] “Cyberinfrastructure-Based Geographic Information Systems”. *The Institute of System Science, Chinese Academy of Sciences*, Beijing, China, December, 31, 2008
- [94] “Next Generation of Geographic Information Systems – A Cyberinfrastructure Perspective”. *Illinois State Water Survey*, Champaign, Illinois, USA, April 4, 2008
- [95] “Logging and Troubleshooting – An Open Science Grid Perspective”. *Open Science Grid All Hands Meeting*, Raleigh, North Carolina, USA, March 3, 2008
- [96] “Bridging Cyberinfrastructure and GIScience – A Holistic Approach”. *University Consortium for Geographic Information Science (UCGIS) Federal Agency and Department Briefing*, Washington, DC, USA, February 7, 2008
- [97] “GISolve: An Integrated e-Science Workbench for Geospatial Data Management and Problem Solving”. *The Computer Network Information Center, Chinese Academy of Sciences*, Beijing, China, December 20, 2007
- [98] “Cyberinfrastructure-based Geographic Information Systems”. *Tsinghua University*, Beijing, China, December 19, 2007
- [99] “Grid Interoperability”. *International ICFA Workshop on High-Energy Physics Networking, Grid and Digital Divide Issues for Global e-Science*, Mexico City, Mexico, October 26, 2007
- [100] “GISolve – TeraGrid GIScience Gateway”. *NSF Briefing*, Washington, DC, USA, May 24, 2007
- [101] “Grid Information Services – The State of the Art”. *The Open Science Grid Consortium Meeting*, Seattle, Washington, USA, August 23, 2006
- [102] “TeraGrid GIScience Gateway”. *The 1<sup>st</sup> NSF TeraGrid Annual Conference*, Indianapolis, Indiana, USA, June 12, 2006

- [103] “Using GISolve and GridShell to Demonstrate the Interoperability between The Open Science Grid and NSF TeraGrid”. *The Argonne National Laboratory Booth at the SC/05 Conference*, Seattle, Washington, USA, November 15, 2005
- [104] “Interoperability of The LHC Computing Grid and Open Science Grid”. *Fermi National Accelerator Laboratory Booth at the SC/05 Conference*, Seattle, Washington, USA, November 14, 2005
- [105] “Information Services Interoperability”. *The Open Science Grid Blueprint Meeting*, Buffalo, New York, USA, August 29, 2005
- [106] “Grid Computing – An Enabler for Computational Science Research and Education: Experience at the University of Iowa”. *Texas Advanced Computing Center Lecture Series*, the University of Texas at Austin, Austin, Texas, USA, May 23, 2005
- [107] “Building Shared Cyberinfrastructure through a Data Grid Approach”. *IIHR – Hydro-science and Engineering Seminar Series*, the University of Iowa, Iowa City, Iowa, USA, October 23, 2004
- [108] “Building Collaborative Environments for Grid-Based Large Hadron Collider Data Analysis – Efforts at the University of Iowa”. *Workshop on Large Hadron Collider (LHC) Global Science – Developing Plans for Building the Environment for a Global Collaborative Science Community*, Lawrence Berkeley National Laboratory, Berkeley, California, USA, November 12, 2002

## PROFESSIONAL SERVICES

### ADVISORY AND CONSULTING SERVICES

- 2016-20 **Member**  
External Advisory Board of the NSF ORIGIN (Origin Inference from Geospatial Isotope Networks) Project
- 2014-19 **Member**  
Steering Committee of the NSF Global Initiative to Enhance Collaborative Computing and Analysis Tools
- 2016-18 **Member**  
NSF XSEDE Advisory Board
- 2016-17 **Member**  
External Advisory Board of the Center for Robust Decision Making on Climate and Energy Policy, The University of Chicago
- 2015-17 **Member**  
Board on Earth Sciences and Resources, the U.S. National Academies
- 2015-16 **Member**  
Committee on Models of the World, the U.S. National Academies

- 2015-16 **Member**  
Advisory Board of the UCGIS Research Challenge Initiative
- 2015 **Member**  
NSF Site Visit Team of Advanced Cyberinfrastructure Division and Directorate for Engineering
- 2015 **Member**  
Advisory Board of the Center for Geospatial Sciences, Applications and Technology at Texas A&M University
- 2014 **Member**  
External Advisory Committee of the Oak Ridge National Laboratory's Computing and Computational Sciences Directorate
- 2013 **Member**  
Advisory Committee of the NSF CI-Water Project

#### CONFERENCES AND WORKSHOPS

- 2018 **Co-Chair**  
Workshop on Spatial Big Data and Machine Learning in GIScience at the 10<sup>th</sup> International Conference on Geographic Information Science, August 28, 2018, Melbourne, Australia
- 2018 **Program Committee Member**  
The 10<sup>th</sup> International Conference on Geographic Information Science, August 28 – 31, 2018, Montreal, Canada
- 2018 **Co-Organizer**  
Symposium on CyberGIS and Spatial Data Science, the Association of American Geographers 114<sup>th</sup> Annual Meeting, April 10 – 11, 2018, New Orleans, Louisiana, USA
- 2018 **Co-Organizer**  
Symposium on New Horizons in Human Dynamics Research: Smart Cities and Urban Computing, the Association of American Geographers 114<sup>th</sup> Annual Meeting, April 10, 2018, New Orleans, Louisiana, USA
- 2018 **Chair**  
NSF Workshop on Geospatial Software: Connecting Big Data with Geospatial Discovery and Innovation, January 28 – 30, 2018, Los Angeles, California, USA
- 2017 **Chair**  
UCGIS Summer School on Collaborative Problem Solving with CyberGIS and Geospatial Data Science, May 15 – 20, 2017, Urbana, Illinois, USA
- 2017 **Co-Chair**  
NSF Symposium on Agent-Based Models in the Social, Human-Environment, and Life Sciences (ABM 2017), April 20 – 22, 2017, San Diego, California, USA

- 2017 **Co-Organizer**  
Symposium on Human Dynamics in Smart and Connected Communities: Smart Cities and Urban Computing, the Association of American Geographers 113<sup>rd</sup> Annual Meeting, April 5 – 6, 2017, Boston, Massachusetts, USA
- 2017 **Co-Organizer and Discussant**  
Panel Session: CyberGIS Reflections from the Past and Projections for the Future, the Association of American Geographers 113<sup>rd</sup> Annual Meeting, April 5, 2017, Boston, Massachusetts, USA
- 2016 **Program Committee Member**  
The 9<sup>th</sup> International Conference on Geographic Information Science, September 27 – 30, 2016, Montreal, Canada
- 2016 **Program Committee Member**  
Workshop on Rethinking the ABCs: Agent-Based Models and Complexity Science in the Age of Big Data, CyberGIS, and Sensor Networks, September 27, 2016, Montreal, Canada
- 2016 **Chair**  
The 3<sup>rd</sup> International Conference on CyberGIS and Geospatial Data Science (CyberGIS'16), July 26 – 28, 2016, Urbana, Illinois, USA
- 2016 **Chair**  
NSF Workshop on Geospatial Data Science in the Era of Big Data and CyberGIS, July 25 – 26, 2016, Urbana, Illinois, USA
- 2016 **Co-Chair**  
NSF Workshop on Innovative Cyberinfrastructure for Integrated Food, Energy, and Water Research, May 22 – 23, 2016, Scottsdale, Arizona, USA
- 2016 **Chair**  
NSF CyberGIS Curriculum Workshop for Synthesizing Education Materials, April 2 – 3, 2016, San Francisco, California, USA
- 2016 **Organizer**  
Paper Session: Smart City and Urban Research Frontiers of the Symposium on Human Dynamics Research, the Association of American Geographers 112<sup>nd</sup> Annual Meeting, March 29 – April 2, 2016, San Francisco, California, USA
- 2016 **Organizer**  
Paper Session: Fusion of Geospatial Big Data, *the Association of American Geographers 112<sup>nd</sup> Annual Meeting*, March 29 – April 2, 2016, San Francisco, California, USA
- 2015 **Chair**  
The 2015 NSF CyberGIS Project All Hands Meeting, September 14 – 16, 2015, Reston, Virginia, USA
- 2015 **Chair**  
CyberGIS Day, August 27, 2015, Urbana, Illinois, USA

- 2015 **International Steering Committee Member**  
The 23<sup>rd</sup> International Conference on GeoInformatics, June 19 – 21, 2015, Wuhan, Hubei, China
- 2015 **Scientific Advisory Committee Member**  
The 13<sup>th</sup> International Conference on GeoComputation (GeoComputation 2015), May 20 – 23, 2015, Dallas, Texas, USA
- 2015 **Chair**  
Symposium on CyberGIS for Fostering New Frontiers of Geographic Research and Education, the Association of American Geographers 111<sup>st</sup> Annual Meeting, April 21 – 25, 2015, Chicago, Illinois, USA
- 2014 **Co-Organizer**  
Session on Computational Intelligence in Earth and Space Science, 2014 American Geophysical Union (AGU) Fall Meeting, December 15 – 19, San Francisco, California, USA
- 2014 **Program Committee Member**  
The 7<sup>th</sup> ACM SIGSPATIAL International Workshop on Location-Based Social Networks (LBSN) 2014, November 4, 2014, Dallas, Texas, USA
- 2014 **Program Committee Member**  
The 8<sup>th</sup> International Conference on Geographic Information Science, September 23 – 26, 2014, Vienna, Austria
- 2014 **Program Committee Member**  
The 3<sup>rd</sup> Chinese-American-German E-Science and Cyberinfrastructure Workshop (CHANGES), September 10 – 12, 2014, Beijing, China
- 2014 **Chair**  
The 2<sup>nd</sup> International Conference on CyberGIS and Geodesign (CyberGIS'14), August 19 – 21, 2014, Redlands, California, USA
- 2014 **Program Committee Member**  
NSF Workshop on Big Data and Urban Informatics, August 11 – 12, 2014, Chicago, Illinois, USA
- 2014 **Program Chair**  
The 22<sup>nd</sup> International Conference on GeoInformatics, June 25 – 27, 2014, Kaohsiung, Taiwan
- 2014 **Chair**  
Data @ Scale Theme, NSF Blue Waters Symposium on Petascale Science and Beyond, May 12 – 15, 2014, Champaign, Illinois, USA
- 2014 **Co-Organizer**  
Workshop on High Performance Computing and Geospatial Analytics, April 28 – 29, 2014, Argonne National Laboratory, Illinois, USA

- 2014 **Chair**  
Symposium on Synergistic Advances of CyberGIS and Geography, the Association of American Geographers 110<sup>th</sup> Annual Meeting, April 8 – 12, 2014, Tampa, Florida, USA
- 2013 **Program Committee Member**  
The IEEE 9<sup>th</sup> International Conference on E-Science (e-Science), October 22 – 25, 2013, Beijing, China
- 2013 **Program Committee Member**  
The IEEE International Conference on Big Data 2013 (IEEE BigData 2013), October 6 – 9, 2013, Silicon Valley, California, USA
- 2013 **Program Committee Member**  
The 2<sup>nd</sup> Chinese-American-German E-Science and Cyberinfrastructure Workshop (CHANGES), September 10 – 12, 2013, Chicago, Illinois, USA
- 2013 **Co-Chair**  
The 2013 NSF CyberGIS Project All Hands Meeting, September 15 – 17, 2013, Seattle, Washington, USA
- 2013 **Program Committee Member**  
The 21<sup>st</sup> International Conference on GeoInformatics, June 20 – 22, 2013, Kaifeng, Henan, China
- 2013 **Program Committee Member**  
The 12<sup>th</sup> International Conference on GeoComputation (GeoComputation 2013), May 23 – 25, 2013, Wuhan, Hubei, China
- 2013 **Chair and Organizer**  
CyberGIS Symposium, the Association of American Geographers 109<sup>th</sup> Annual Meeting, April 9 – 13, 2013, Los Angeles, California, USA
- 2012 **Program Committee Member**  
The 7<sup>th</sup> International Conference on Geographic Information Science, September 19 – 21, 2012, Columbus, Ohio, USA
- 2012 **Program Committee Member**  
The 1<sup>st</sup> Chinese-American-German E-Science and Cyberinfrastructure Workshop (CHANGES), September 3 – 5, 2012, Jülich, Germany
- 2012 **Chair**  
The 1<sup>st</sup> International Conference on Space, Time, and CyberGIS (CyberGIS'12), August 6 – 9, 2012, Urbana, Illinois, USA
- 2012 **Chair**  
The Student Paper Competition of the 20<sup>th</sup> International Conference on GeoInformatics, June 15 – 17, 2012, Hong Kong, China
- 2012 **Program Committee Member**  
The 8<sup>th</sup> IEEE International Conference on E-Science, October 8 – 12, 2012, Chicago, Illinois, USA

- 2012 **Chair and Organizer**  
Six paper/panel sessions related to CyberGIS, the Association of American Geographers 108<sup>th</sup> Annual Meeting, February 24 – 28, 2012, New York City, New York, USA
- 2011 **General Chair**  
The 2<sup>nd</sup> ACM SIGSPATIAL International Workshop on High Performance and Distributed Geographic Information Systems (HPDGIS 2011), November 1, 2011, Chicago, Illinois, USA
- 2011 **Program Committee Member**  
The 19<sup>th</sup> ACM SIGSPATIAL International Conference on Advances in Geographic Information Systems (ACM GIS 2011), November 1 – 4, 2011, Chicago, Illinois, USA
- 2011 **Program Co-Chair**  
The 3<sup>rd</sup> American-Chinese CyberInfrastructure and E-Science workShop (ACCESS), August 15 – 17, 2011, Xi'an, Shaanxi, China
- 2011 **Chair**  
The Student Paper Competition of the 19<sup>th</sup> International Conference on GeoInformatics, June 24 – 26, 2011, Shanghai, China
- 2011 **Chair and Organizer**  
The Panel Session on Agency Perspectives on CyberGIS, the Association of American Geographers 107<sup>th</sup> Annual Meeting, April 12 – 16, 2011, Seattle, Washington, USA
- 2011 **Chair and Organizer**  
The Panel Session on CyberGIS Research Agenda, the Association of American Geographers 107<sup>th</sup> Annual Meeting, April 12 – 16, 2011, Seattle, Washington, USA
- 2011 **Chair and Organizer**  
The Panel Session on CyberGIS Trends, the Association of American Geographers 107<sup>th</sup> Annual Meeting, April 12 – 16, 2011, Seattle, Washington, USA
- 2011 **Co-Organizer**  
The Workshop on Sustainable Human Settlements with Instant and Ubiquitous Access Technologies, March 11, 2011, Urbana, Illinois, USA
- 2011 **Co-Chair**  
The NSF CyberGIS Requirements Workshop on Emergency Management, February 1 – 2, 2011, Washington, DC, USA
- 2010 **General Chair**  
The 1<sup>st</sup> ACM SIGSPATIAL International Workshop on High Performance and Distributed Geographic Information Systems (HPDGIS 2010), November 2, 2010, San Jose, California, USA

- 2010 **Program Committee Member**  
The 18<sup>th</sup> ACM SIGSPATIAL International Conference on Advances in Geographic Information Systems (ACM GIS 2010), November 2 – 5, 2010, San Jose, California, USA
- 2010 **Program Co-Chair**  
The 2<sup>nd</sup> American-Chinese CyberInfrastructure and E-Science workShop (ACCESS), August 10 – 12, 2010, Urbana, Illinois, USA
- 2010 **Chair**  
The Session on High Performance Computing for Geographic Sciences, the Association of American Geographers 106<sup>th</sup> Annual Meeting, April 14 – 18, 2010, Washington, DC, USA
- 2010 **Chair**  
NSF Workshop on Cyber-GIS, February 1 – 3, 2010, Washington, DC, USA
- 2009 **Program Committee Member**  
The 17<sup>th</sup> ACM SIGSPATIAL International Conference on Advances in Geographic Information Systems (ACM GIS 2009), November 4 – 6, 2009, Seattle, Washington, USA
- 2009 **Program Co-Chair**  
The 1<sup>st</sup> American-Chinese CyberInfrastructure and E-Science workShop (ACCESS), September 7 – 9, 2009, Beijing, China
- 2009 **Funding Agency Liaison**  
The 4<sup>th</sup> NSF TeraGrid Annual Conference, June 22 – 25, 2009, Arlington, Virginia, USA
- 2009 **Co-Chair**  
The Session on High Performance Computing for Geospatial Science, the Association of American Geographers 105<sup>th</sup> Annual Meeting, March 22 – 27, 2009, Las Vegas, Nevada, USA
- 2008 **Program Committee Member**  
The 4<sup>th</sup> International Workshop on Grid Computing Environments, November 16, 2008, Austin, Texas, USA
- 2008 **Chair**  
The Cyberinfrastructure-Computational Session, the Association of American Geographers 104<sup>th</sup> Annual Meeting, April 15 – 19, 2008, Boston, Massachusetts, USA
- 2008 **Program Committee Member**  
The 6<sup>th</sup> ACM/IEEE International Workshop on Challenges of Large Applications in Distributed Environments (CLADE 2008), June 23, 2008, Boston, Massachusetts, USA
- 2007 **Program Committee Member**  
The 3<sup>rd</sup> International Workshop on Grid Computing Environments, November 11 – 12, 2007, Reno, Nevada, USA

- 2007     **Program Committee Member**  
The Open Science Grid Consortium All Hands Meeting, March 5 – 7, 2007, San Diego, California, USA
- 2006     **Program Committee Member**  
The 2<sup>nd</sup> International Workshop on Grid Computing Environments, November 12 – 13, 2006, Tampa, Florida, USA
- 2006     **Chair**  
The 1<sup>st</sup> Open Science Grid Information Services Workshop, August 23, 2006, Seattle, Washington, USA
- 2006     **Planning Committee Member**  
Pathway to SC|07 – The 1<sup>st</sup> Workshop on Computational Science Education Program within Supercomputing Conferences, July 27 – 31, 2006, Argonne National Laboratory, Chicago, Illinois, USA
- 2005     **Program Committee Member**  
The 4<sup>th</sup> International Workshop on Grid and Cooperative Computing, November 30 – December 3, 2005, Beijing, China
- 2005     **Moderator**  
Paper Session on Representing Knowledge and Reasoning, Geocomputation 2005, August 1 – 3, 2005, Ann Arbor, Michigan, USA
- 2004     **Program Committee Member**  
The 2004 International Conference on Parallel and Distributed Processing Techniques and Applications (PDPTA'04), June 21 – 24, 2004, Las Vegas, Nevada, USA
- 2003     **Program Committee Member**  
The 2<sup>nd</sup> International Workshop on Grid and Cooperative Computing, December 7 – 10, 2003, Shanghai, China

#### **EXTERNAL REVIEWER FOR PROMOTION AND TENURE**

- Brigham Young University
- George Mason University
- Kent State University
- National University of Singapore
- New Jersey Institute of Technology
- Purdue University
- Stony Brook University
- The City University of New York
- University at Buffalo, the State University of New York
- University of Connecticut

- University of Denver
- University of Michigan
- University of Minnesota
- University of New Mexico
- University of South Carolina
- University of Wisconsin–Milwaukee

## **JOURNAL EDITORIAL SERVICES**

- 2015-present **Editorial Board Member**  
Open Geospatial Data, Software and Standards (Springer)
- 2015-present **Associate Editor**  
SoftwareX (Elsevier)
- 2014-present **Editorial Board Member**  
Annals of the Association of American Geographers (Routledge)
- 2012-present **Editorial Board Member**  
International Journal of Geographical Information Science (Taylor & Francis)
- 2012-present **Editorial Board Member**  
Transactions in GIS (Wiley)
- 2011-13 **Guest Editor**  
International Journal of Geographical Information Science (Taylor & Francis)
- 2011 **Guest Editor**  
Conservation Biology (Wiley)
- 2011-present **Action Editor**  
GeoInformatica (Springer)
- 2009-11 **Co-Organizer** (with Dawn J. Wright)  
Special Feature on Spatial Cyberinfrastructure, Proceedings of the National Academy of Sciences

## **JOURNAL REVIEWER**

- Annals of the Association of American Geographers, Routledge
- Computers, Environment, and Urban Systems, Elsevier
- Computers and Geosciences, Elsevier
- Concurrency and Computation: Practice and Experience, Wiley
- Environmental Modeling and Software, Elsevier
- Future Generation Computer Systems, Elsevier
- Geographical Analysis, Wiley-Blackwell

- IEEE Transactions on Geoscience and Remote Sensing, IEEE Geoscience and Remote Sensing Society

- International Journal of Digital Earth, Taylor & Francis
- International Journal of Geographical Information Science, Taylor & Francis
- Internet Computing, IEEE Computer Society
- Journal of Urban and Regional Information Systems Association, URISA
- Proceedings of the National Academy of Sciences, National Academy of Sciences
- Progress in Physical Geography, SAGE
- SoftwareX, Elsevier
- The Geographical Journal (Royal Geographical Society), Wiley
- The Journal of Supercomputing, Springer
- Transactions in GIS, Wiley

### **PROPOSAL PANELIST AND REVIEWER**

- 2008-present **Panelist and Reviewer**  
DOE
- 2007-09 **Supercomputing Allocation Board Member**  
NSF
- 2007-present **Panelist and Reviewer**  
NSF

### **SERVICE TO PROFESSIONAL ORGANIZATIONS**

- 2015-17 **President-Elect (2015-16) and President (2016-17)**  
UCGIS
- 2014-15 **Board Chair**  
International Association of Chinese Professionals in Geographic Information Science (CPGIS)
- 2012-14 **President-Elect (2012-13) and President (2013-14)**  
CPGIS
- 2009-11 **Councilor**  
The Open Science Grid Consortium
- 2009-11 **Chair-Elect (2009-10) and Chair (2010-11)**  
CyberInfrastructure Specialty Group (CISG) of the Association of American Geographers
- 2009-12 **Board of Directors**  
UCGIS
- 2008-09 **Board of Directors**  
CyberInfrastructure Specialty Group (CISG) of the Association of American Geographers
- 2006-07 **Councilor**  
The Open Science Grid Consortium

## UNIVERSITY INTERNAL SERVICES

- 2014-present **Member**  
Advisory Committee for the Cline Center for Democracy, UIUC
- 2011-present **Member**  
PhD Program Committee, Illinois Informatics Institute, UIUC
- 2007-present **Lead Delegate**  
University Consortium for Geographic Information Science, UIUC
- 2016-17 **Chair**  
Search Committee for an Assistant/Associate Professor Position in Remote Sensing, Department of Geography and Geographic Information Science, UIUC
- 2016 **Member**  
Review committee for campus proposals responding to the NSF Partnerships for International Research and Education (PIRE) Program, UIUC
- 2015-16 **Member**  
Promotion and Tenure Mentoring Committee for Tenure-Track Assistant Professor Rebecca Smith, Department of Pathobiology, College of Veterinary Medicine, UIUC
- 2015 **Member**  
Review committee for campus proposals responding to the NSF Major Research Instrumentation Program, UIUC
- 2014-17 **Member**  
Committee for Research and Education at NCSA (CREN), UIUC
- 2014 **Member**  
Campus Task Force for Agricultural Big Data, UIUC
- 2013-14 **Chair**  
Committee for Evaluating the 5-year Performance of the Department Head of Plant Biology, UIUC
- 2013-14 **Member**  
Search Committee for an Assistant Professor Position, Department of Atmospheric Sciences, UIUC
- 2012-17 **Member**  
Allocation Committee of the NSF Blue Waters Supercomputer, UIUC
- 2012-16 **Chair**  
Promotion and Tenure Mentoring Committee for Tenure-Track Assistant Professor Jonathan Greenberg, Department of Geography and Geographic Information Science, UIUC
- 2012-15 **Member**  
Information Technology Governance – Research Computing Committee, UIUC

- 2012-2014 **Member**  
Department Head Advisory Committee, Department of Geography and Geographic Information Science, UIUC
- 2012-2014 **Member**  
Courses and Curricula Committee, College of Liberal Arts and Sciences, UIUC
- 2012-13 **Member**  
Search Committee for the Director of the National Center for Supercomputing Applications, UIUC
- 2011 **Invited Participant**  
Chancellor's Visioning Illinois' Retreat, December 14, 2011, UIUC
- 2011 **Chair**  
Search Committee for a Lecturer Position in GIScience, Department of Geography, UIUC
- 2010-12 **Advisor**  
Campus GIS Student Group, Illinois Informatics Institute, UIUC
- 2010-11 **Member**  
Search Committee for an Assistant Professor Position in GIScience, Department of Geography, UIUC
- 2009 **Member**  
Search Committee for a Visiting Assistant Professor Position in GIScience and Remote Sensing, Department of Geography, UIUC
- 2008-16 **Member**  
Advisory Committee of the Institute for Computing in Humanities, Arts, and Social Science (I-CHASS), UIUC
- 2008-15 **Member**  
Graduate Program Committee, Department of Geography, UIUC
- 2008-15 **Chair**  
GIScience Program Committee, Department of Geography, UIUC
- 2008-13 **Member**  
Advisory Committee of ESRI-GIS Development Center, UIUC
- 2008-09 **Coordinator of Spatial Informatics Track**  
Ph.D. Program Development Committee of the Illinois Informatics Institute, UIUC
- 2008 **Member**  
Search Committee for a Tenure-Track Assistant Professor Position in GIScience, Department of Geography, UIUC
- 2007-08 **Member**  
GIScience Program Committee, Department of Geography, UIUC

2005-07      **Delegate**  
The University of Iowa, the Coalition for Academic Scientific  
Computation

## **GRADUATE STUDENTS AND POSTDOCTORAL FELLOWS ADVISED**

### **POSTDOC**

2017-present    Dr. Mengyu Guo (UIUC)  
2017-present    Dr. Zhe Zhang (UIUC)  
2016-17         Dr. Bin Peng (UIUC), co-advised with Dr. Kaiyu Guan  
2015-17         Dr. Aiman Soliman (UIUC), co-advised with Dr. Brian F. Allan  
2014-16         Dr. Myeonghun Jeong (UIUC), currently Assistant Professor of Civil  
Engineering at Chosun University  
2015-16         Dr. Ahmet A. Yildirim (UIUC), currently Software Engineer at Amazon  
Web Services  
2014-16         Dr. Junjun Yin (UIUC), currently Research Associate at the Pennsylvania  
State University  
2013-16         Dr. Tao Lin (UIUC), co-advised with Dr. Luis F. Rodríguez, currently  
Assistant Professor, College of Biosystems Engineering and Food  
Science, Zhejiang University  
2015-16         Dr. Liuju Li (UIUC), co-advised with Dr. Lei Tian, currently  
Postdoctoral Research Associate at the Bio-Sensing and Instrumentation  
Laboratory at the University of Georgia  
2014-15         Dr. Jing Gao (UIUC), currently Scientist at the National Center for  
Atmospheric Research  
2013-14         Dr. Myunghwa Hwang (UIUC)  
2011-13         Dr. Guofeng Cao (UIUC), currently Assistant Professor of Geosciences  
at the Texas Tech University  
2011-12         Dr. Kai Cao (UIUC), currently Lecturer in the Department of Geography  
at the National University of Singapore  
2011-12         Dr. Liang Yu (UIUC), co-advised with Dr. Yong Liu, currently Scientist  
at the Institute for Infocomm Research  
2008-09         Dr. Wenwu Tang (UIUC), currently Associate Professor of Geography  
and Earth Sciences at the University of North Carolina at Charlotte  
2006-07         Dr. Anand Padmanabhan (the University of Iowa), currently Senior  
Research Scientist at NCSA/UIUC

### **GRADUATE COMMITTEE CHAIR OR CO-CHAIR**

2017-present    Rebecca Vandewalle, Ph.D. student in geography, UIUC

- 2016-present Zewei Xu, Ph.D. student in geography, UIUC
- 2015-present Austin Davis, Ph.D. student in geography, UIUC
- 2015-present Ting Li, Ph.D. student in geography, UIUC
- 2014-present Yaping Cai, Ph.D. student in geography, UIUC
- 2014-present Dandong Yin, Ph.D. student in geography, UIUC
- 2012-present Yizhao Gao, Ph.D. student in geography, UIUC
- 2012-present Kiumars Soltani, Ph.D. student in informatics, UIUC
- 2012-2018 Hao Hu (currently Software Coordinator of the CyberGIS Center for Advanced Digital and Spatial Studies, UIUC), Ph.D. in geography, UIUC
- 2013-17 Yan Liu (currently Senior Research Programmer at NCSA/UIUC), Ph.D. in informatics, UIUC
- 2009-2015 Zhenhua Zhang (currently Senior Software Engineer with Ctrip Inc.), Ph.D. in computer science, Chinese Academy of Sciences
- 2010-13 Babak Behzad, M.S. in computer science (co-chaired with Dr. Marc Snir), UIUC
- 2010-13 Dan Dong, M.S. in geographic information science, UIUC
- 2009-13 Heejun Kim (currently Ph.D. Student in the School of Information and Library Science at the University of North Carolina at Chapel Hill), M.S. in geographic information science, UIUC
- 2010-13 Eric Shook (William L. Garrison Award for Best Dissertation in Computational Geography (2014); currently Assistant Professor of Geography, Environment and Society at the University of Minnesota, Twin Cities), Ph.D. in geography, UIUC
- 2009-13 Yanli Zhao (currently Software Engineer with Facebook), M.S. in geographic information science, UIUC
- 2010-12 Su Yeon Han (Ph.D. in geographic information science, the joint program of the San Diego State University and University of California – Santa Barbara), M.S. in geographic information science, UIUC
- 2008-10 Chris Korose (currently Associate Geologist at the Illinois State Geological Survey), M.S. in geographic information science, UIUC
- 2003-06 Anand Padmanabhan (currently Senior Research Scientist at NCSA/UIUC), Ph.D. in computer science, co-chaired with Dr. Sukumar Ghosh, the University of Iowa

**GRADUATE COMMITTEE MEMBER**

- 2012-17 Jin Xing, Ph.D. candidate in geography, McGill University
- 2015-17 Haozhi Pan, Ph.D. in urban and regional planning, UIUC
- 2015-16 Courtney Reents, M.S. in geographic information science, UIUC

2014-16	Tong Liu, Ph.D. in agricultural and biological engineering, UIUC
2013-16	Debsunder Dutta, Ph.D. in civil and environmental engineering, UIUC
2013-16	Phong Le, Ph.D. in civil and environmental engineering, UIUC
2014-16	Hao Yu, Ph.D. in civil and environmental engineering, UIUC
2013-15	Jay Laura, Ph.D. in geography, Arizona State University
2010-13	Tao Lin, Ph.D. in agricultural and biological engineering, UIUC
2010-12	Jihua Wang, Ph.D. in civil and environmental engineering, UIUC
2008-13	Sheng Ye, Ph.D. in geography, UIUC
2008-12	Imelda Moise, Ph.D. in geography, UIUC
2007-11	Lan Luo, Ph.D. in geography, UIUC
2015	Yi Zou, M.S. in geography, UIUC
2010-11	Greg Burton, M.S. in geography, UIUC
2010	William Meyer, M.S. in geography, UIUC

## **PROFESSIONAL MEMBERSHIPS**

- American Association for the Advancement of Science (AAAS)
- American Association of Geographers (AAG)
- American Geophysical Union (AGU)
- Association for Computing Machinery (ACM)
- International Association of Chinese Professionals in Geographic Information Science (CPGIS)
